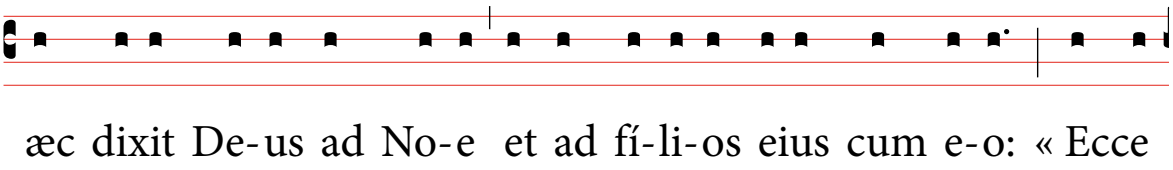
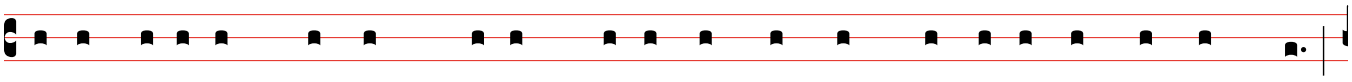
Lécti-o libri Génesis

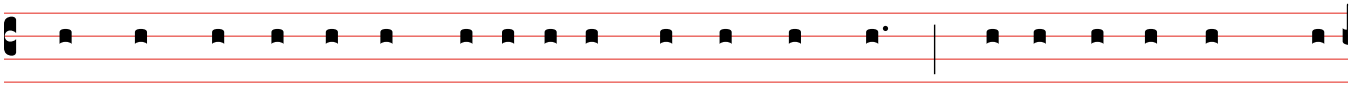


Hæc dixit De-us ad No-e et ad fí-li-os eius cum e-o: « Ecce

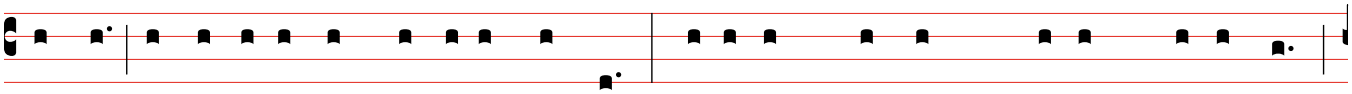


ego státu-am pactum me-um vobíscum et cum sémine vestro post vos,

et ad omnem ánimam vivéntem, quæ est vobíscum, tam in volúcribus

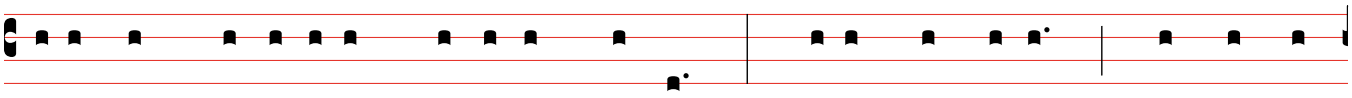


quam in iuméntis et pecúdibus terræ cunctis, quæ egréssa sunt de

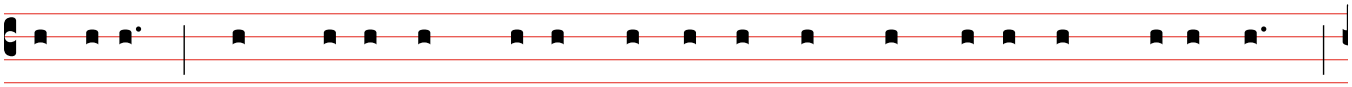


arca, et univérsis bésti-is terræ. Státu-am pactum. me-um vobíscum,

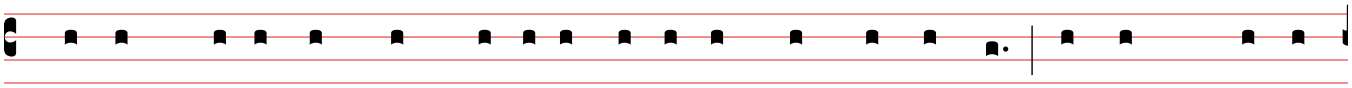
et nequáquam ultra interfici-étur omnis caro aquis di-lúvi-i, neque erit



de-ínceps di-lúvi-um díssipans terram ». Dixítque De-us: « Hoc signum

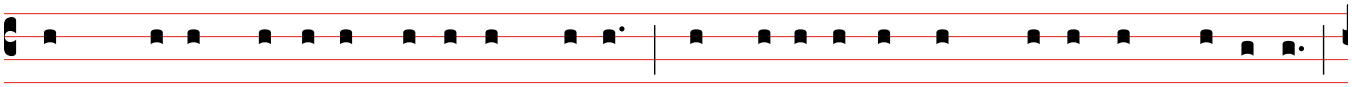


fœderis, quod do inter me et vos et ad omnem ánimam vivéntem,

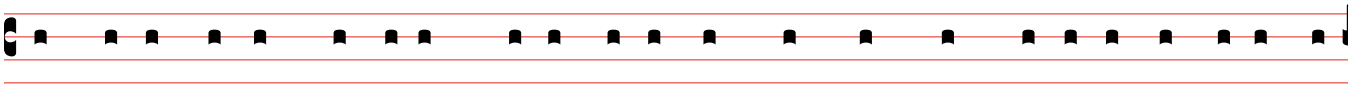


quæ est vobíscum in genera- ti- ónes sempi- térnas: arcum me- um

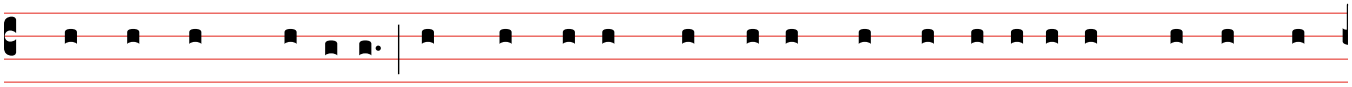
ponam in núbibus, et erit signum fœderis inter me et inter terram.



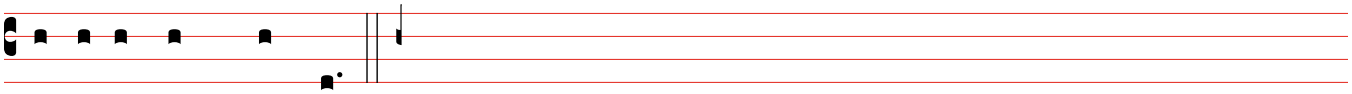
Cumque obdúxero núbibus cælum, apparébit arcus me-us in núbibus;



et recordábor fœderis me- i vobíscum et cum omni ánima vivénte



quæ carnem végetat; et non erunt ultra aquæ di- lúvi- i ad de- léndum



univérsam carnem ».
